PROJECT SUMMARY

North McCamey to Sand Lake kV

PROJECT ID:

COUNTY:

Upton, Reeves, TX

ACQUIRING AUTHORITY:

LCRA

PARAMETERS:

LCRA TSC and Oncor are jointly proposing to build and operate a new 345-kilovolt transmission line to improve reliability and accommodate future demand and generating capacity growth in West Texas. The new transmission line is planned for portions of Crane, Crockett, Pecos, Reeves, Upton and Ward counties. It will connect LCRA TSC's existing North McCamey Substation in Upton County with Oncor's existing Sand Lake Substation in Reeves County, which are about 75 miles apart.

ROW ACQUISITION BEGINS:

2023 - Late

CONSTRUCTION BEGINS:

2024 - Fall
